"I have been using Placement SPOT since it was first created and love the concept of centralized placement (One Stop Shop), the ease of reviewing student resumes, the ability to tag our evaluations and the benefit of using filters."

"We've been using Placement SPOT since its launch in 2019 and are thrilled to have a unique platform to post our internships on. It's much more efficient than posting on academic sites individually and it allows us to access more students across Canada."
