WORK-INTEGRATED LEARNING ACTIVITIES

INTERNSHIPS

Recruitment for Fall 2023 internships is still underway.

Are you looking for interns in industrial relations, human resources or other fields for Fall 2023?

We have some excellent student profiles available.

These students must confirm their internship before August 1. They are also eligible for scholarships.

MINI-WILS

Do you currently have summer interns? CMAI can help remunerate your students!

Transform or extend internships by using mini-WILs.

How does it work?

CMAI can pay your student for periods of 80 to 100 hours for well-defined mandates. Each mini-WIL is compensated up to \$1,500.

Both the student and the company benefit from this formula.

Have you ever participated as an employer in a mini-WIL?
