## A LOOK BACK AT THE "I CHOOSE MONTREAL" EVENT

Our team was present on November 24th at the Esplanade Tranquille for a special aerospace recruitment event organized by I Choose Montreal. It was a great opportunity to meet students motivated to launch their careers.

### MEMBER ZONE

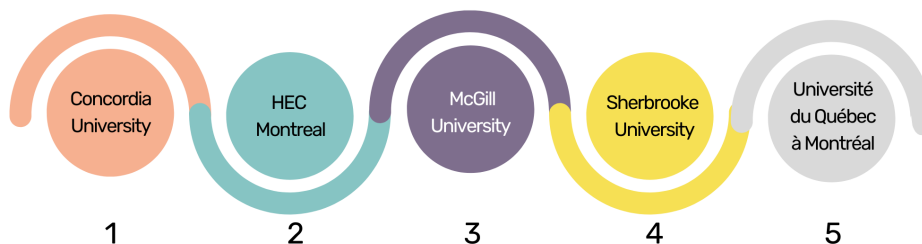

**IMPORTANT:** As of January 2024, only CMAI members will have access to additional information in this newsletter. Below is the type of information you might miss if you're not a member.

### INTERNSHIPS - WINTER 2024 RECRUITMENT SESSION

Since September 5th, 413 internships have been created by 10 partners, with an **average of 37 applications per internship\***.

In total, the internships have received **over 15,000 applications from 2,500 students**.

#### Top 5 schools from which applications are received

\*Data as of 2023-11-10.

## ON THE RADAR

### ***Queen's University Aerospace Exposition and Speed Mentoring Program on January 30, 2024***

*After great success last year in 2023, Smith Engineering and Women in Aerospace Canada are bringing back the Aerospace Exposition at Queen's University.*

*The event provides a targeted connection between Aerospace Companies and Organizations with Queens academia and talent, while promoting the experience of women in the aerospace industry.*

*The exposition will be followed by a keynote speech by Janet Wardle and a speed mentoring event what will provide an opportunity for engineering students to further explore what it means to work in aerospace.*

*The event will take place on January 30th in Kingston Ontario, from 12 PM to 8 PM.*

---

### ***The battery industry in Québec***

*The Quebec government intends to become a global supplier of lithium-ion batteries by developing a complete battery chain.*

Realizing this strategy requires a number of areas of expertise. Some of these highly sought-after areas of expertise do not yet exist in Quebec, demonstrating the importance of investing in the [training of specialized workforce](#).
