CANADIAN MOBILITY AND AEROSPACE INSTITUTE

INSTITUT POUR LA MOBILITÉ
ET L'AÉROSPATIALE AU CANADA

Hello ,

Here is important information for May 2023 concerning CMAI and the platform [Placement SPOT™](#) for the mobility sector!

MAY 2023

Placement SPOT features simplify your recruitment process

👉 CONTROLLED GOODS PROGRAM (CGP)

Is your company subject to the program? The SPOT platform is adapted and saves you time in processing your applications.

👉 FILTERS

Two types of filters ease the selection of applicants. First, a limit of applications is imposed on students, encouraging them to make judicious choices. Second, you can sort the applications received according to several criteria, such as field or level of study.

👉 INTERVIEW TIME SLOTS

The platform makes it easy to connect with students. You can check the availability of the selected student and manage your interview slots.

👉 RANKING SYSTEM

The simplified ranking system allows you to indicate your preferences for the candidates you have interviewed.
